Brief biography, including any relevant experiences relevant to the role that you are interested in:

I am a trainee Advanced Clinical Practitioner in MSK Spinal Rehabilitation and currently undertaking a Master's in Advanced Practice. I became a full member of the MACP in 2024 through reciprocal recognition, having completed the OMT Course in South Africa in 2017. Since moving to England in 2020, I have worked within the NHS in MSK Outpatients and in Community roles.

Prior to relocating, I was actively involved in professional leadership and governance through the South African Society of Physiotherapy (SASP), where I served in various roles over several years. These included national chairperson of the Pain Management Physiotherapy Group (4 years), regional chairperson of the same group (4 years), OMT course treasurer, and course committee member. These roles provided me with significant experience in organisational leadership, administration, minute-taking, and coordinating committee agendas—skills directly aligned with the MACP Secretary role.

As a longstanding advocate for professional membership organisations, I am keenly aware of the importance of member engagement, good governance, and collaborative working in sustaining a thriving professional community. I would welcome the opportunity to contribute to the MACP in the capacity of Secretary, whether on the Executive Committee or within one of the sub-groups.

I am highly organised, attentive to detail, and committed to meeting deadlines. Having reviewed the role description, I believe my prior committee experience, combined with my ability to manage structured agendas and follow through on agreed actions, equips me well for this position. Alongside my MSc studies, I am confident I can provide reliable and effective support to the MACP in delivering its aims.
