

Re-Standing Form for the Executive Committee 2025/2026

Name: Darren Smith

MACP membership number: 13602

Committee role: Professional Engagement (Regional Representatives) Lead

Statement to support re-standing:

I am seeking re-election to the MACP Executive Committee in the role of Professional Engagement/Regional Representatives Lead. Over the past term, I have been proud to contribute to the MACP's mission by strengthening regional engagement and fostering professional development across our membership.

During this time, we have successfully hosted a wide range of free events, providing accessible opportunities for learning, networking, and collaboration. These events have been well-received and have helped to build stronger connections within our physiotherapy community.

In addition, I have overseen a transition in regional representation, ensuring continuity and fresh perspectives within our team. This change has been managed with care and inclusivity, and I am confident that our regional reps are well positioned to support members locally and contribute meaningfully to national initiatives.

I remain committed to promoting professional engagement, supporting our regional representatives, and enhancing the value of MACP membership. I would be delighted to continue this work and further develop our outreach and impact.

Thank you for your support.
