Completed webinar series SVOMP – clinical reasoning.

Successful submission for CSP conference focussed symposium and workshop sessions – delivery 21<sup>st</sup> and 22<sup>nd</sup> November 2025.

MSK Therapy Expo – delivery at workshop session 26<sup>th</sup> and 27<sup>th</sup> November.

Podcast episode – Paula Bright.

Met with Peter O’Sullivan and the Evoolve team – exploring ways in which the MACP may become educational partners.

### Progress against organisation’s strategic aims

1. To grow brand awareness of the MACP organization through membership activity
  - The role of knowledge translation, mobilisation, and transformation within the MACP continues to evolve. The MACP have again been successful in having a focussed symposium, a skills session and networking session accepted at the CSP conference 2025.
  - With the successful release of Evoolve in March 2025, there continues to be engagement with Professor Peter O Sullivan to potentially support the mobilisation of cognitive functional therapy knowledge, skills and capability in the UK for MACP members and beyond.
  - MACP Podcast recording Paula Bright.

2. Communicate the Executive Committee and sub-committee activities, knowledge translation, education.
  - MACP delivery and representation in CSP Conference November 2025.
  - MACP representation at Therapy Expo 2025
3. Improve understanding on meaning / value of membership
  - Successful conceptualisation and delivery of MACP study day 2025.

### **Key Development Plans for 25/26**

- Completion of introductory videos on the Complex Clinical Reasoning Programme with descriptions across each of the nine e-learning modules. Plan to link in with current National AP supervision Guidance.
- Continue to create MACP podcast series on interesting, remarkable and important topics related to MSK Physiotherapy.
- Develop a Critical MSK Physiotherapy Series.
