Brief biography, including any relevant experiences relevant to the role that you are interested in:

I am an experienced clinical academic in musculoskeletal (MSK) physiotherapy, with a strong track record of diverse experience across clinical, academic, education and quality agenda areas regionally and nationally.

I am Chinese in origin and was born in Hong Kong. I have a multi-cultural upbringing. My entire physiotherapy career is in the UK. I am used to interacting and working with people from a diversity of background, culture and ethnicity. Therefore, be part of the driving force to promote equality, diversity and inclusion (EDI) is particularly important and appealing to me. I am passionate in promoting EDI in all aspects of the MACP's activities and engage with relevant organisations to develop this agenda further.

In 2024, I have successfully completed the MACP accelerated portfolio programme, and become the first physiotherapist in the UK, and internationally, with a dual Society of Musculoskeletal Medicine (SOMM) Fellowship and MACP Membership.

Outside my clinical role, I have been actively involved in post graduate MSK education since 2009. My current role at MACP is Co-Lead of the Portfolio Route of MACP. My other educational role include Module Lead of the Injection Therapy of SOMM, and Executive members of Education Committee of SOMM. I am currently also co-chair of the UK MSK Partnership Group. With my various roles across clinical, academic, education and quality agenda areas, I regularly collaborate and work with other multi-professional MSK network and organisations such as ARMA, CSP, and NHSE. I actively involve in driving standards in improving and supporting MSK health and MSK education at national level.

I am keen to have this opportunity to join the MACP executive team and contribute in the agenda of EDI at MACP as the Professional Network Officer & Equality, Diversity and Inclusion Officer.

Thank you for your consideration.

With best wishes
Sharon Chan-Braddock
