

12 March 2022

Dear Member Organisation Delegates

### **Standards Committee Member Appointment**

The IFOMPT Executive and Standards Committee would like to invite the nomination of individuals from within your Member Organisation for a role on the Standards Committee. Leanne Bissett stepped down as a member of the Committee at the end of 2021.

As you know, the effective functioning of the Standards Committee has implications for all Member Organisations. We therefore feel that this is an important opportunity for Member Organisations to have input into the nomination of new members. It is anticipated that a term of office for a new member will be 3 cycles of IFOMPT's General Meetings (12 years).

In advance of the deadline on **Friday 29<sup>th</sup> April 2022** we require:

- A letter of nomination from the Member Organisation detailing why the nominated individual is being supported and providing multiple referees to support the nomination e.g., Executive Committee members and other members of the Member Organisation.
- A statement of interest from the nominated individual (maximum 1 A4 page).
- A short Curriculum Vitae for the nominated individual (maximum 4 A4 pages ).

Could you therefore please take this opportunity back to your Member Organisation to discuss potential nominations? All nominations should be forwarded to Ingrid at the IFOMPT office ([admin@ifompt.org](mailto:admin@ifompt.org)), through yourselves as the Member Organisation delegate. The review and decision-making process will include all members of the Standards Committee and Paolo Sanzo (Vice President) representing the Executive Committee discussing the nominations during a special Standards Committee meeting. Shortlisted candidates will then be invited to interview by teleconference that will take place on **Tuesday 17<sup>th</sup> May 2022** 20.00-22.00 British Summer Time.

I have attached the job description for members of the Standards Committee for your information, along with the criteria against which we will be evaluating nominations.

As always, we look forward to hearing from you.

Kind regards

Dr Ronel Jordaan  
Chair IFOMPT Standards Committee
