

MACP AGM 2021

8th November 2021, 6pm-8pm

Report:	Professional Development Report - September 2020 - September 2021
Committee Member:	Jayne Davies MSc MCSP FMACP
Date of report:	16/9/21

Overview of Year

This year has continued to be interesting from a course perspective. The PDC has continued in the last year to facilitate the virtual delivery of courses on ZOOM. All courses are now mapped to IFOMPT standards and hence the FCP Roadmap and MSK CCF. The tutors have competently transitioned into this way of teaching/ facilitating learning. The PDC have gone from strength to strength in our ability to support tutors. This has led to great feedback from the participants and is the preferred delivery for many, due to its convenience and equal high quality.

A massive thank-you to all the tutors for their hard work in mapping their courses, plus their dedication to the MACP. We are also very thankful to the PDC's increased commitment and efficiency this year. Hence the generated income from courses this year has exceeded all previous years.

Committee structure

The PDC committee for 2020-21 includes:

Lead: Jayne Davies

Subcommittee members: Samantha Simmonds, Sinead Delaney, Tina Blewett, Feroz Mohamed, Komal Bhuchhada, Basil Tyros, James Roberts and most recently Ashish Sharma.

The PDC supports the tutors on this virtual delivery and provides a virtual MACP host. This allows the tutor to concentrate on delivering the course while the MACP host monitors the chat, launches the polls and supports the course participants/tutors for the whole day. We also work on the following: administration and delivery of courses; developing adverts and course descriptions, marketing and advertising courses on social media, writing contracts for lecturers.

The MACP owe huge thanks to the subcommittee who have worked tirelessly this year in virtual delivery of an increased number of courses and study days. The PDC continue to work extremely well as a team. Their dedication to the Lead, the tutors and each other has been unsurpassable. They have risen to the challenge of virtual delivery for a longer time than anyone expected and we are thankful for this.

Existing MACP courses

The PDC have continued to market and advertise established MACP courses across the UK

- ❖ Spinal Masqueraders
- ❖ Spinal Masqueraders Expanded
- ❖ Integrating Imaging into Musculoskeletal practice (Lumbar / Shoulder / Knee)
- ❖ Motivational Interviewing
- ❖ Pain: Translating Neuroscience into Clinical Practice
- ❖ Pregnancy, post-natal & female pelvic health for the Musculoskeletal Physiotherapist
- ❖ Optimising The Function of the shoulder girdle- Making sense of the dysfunction
- ❖ Demystifying Blood Tests in MSK Health

2 New courses developed and soon to be available in 2022:

-  Integrating Imaging into Musculoskeletal practice (Hip)
-  Prescribing in Pain

We continue to promote courses through the MACP social media sites including Twitter, Facebook and now Instagram. We also use Frontline, iCSP and Musculoskeletal Science and Practice Journal.

We have run many successful courses from Sept 2020 to Sept 2021 this year including;

- *Spinal M Expanded (Sept 2020)*
- *Pregnancy, post-natal & pelvic health (Sept 2020)*
- *Optimising Function of the shoulder girdle (Sept 2020)*
- *Integrated Imaging – Knee (Sept 2020)*
- *Integrated Imaging – Lumbar (Oct 2020)*
- *Integrated Imaging – Shoulder (Oct 2020)*
- *Bloods (Oct 2020)*
- *Spinal Masqueraders (Dec 2020)*
- *Bloods (Dec 2020)*
- *Integrated Imaging – Lumbar (Jan 2021)*
- *Bloods (Jan 2021)*
- *Spinal Masqueraders Expanded (Jan 2021)*
- *Integrated Imaging – Shoulder (Jan 2021)*
- *Spinal Masqueraders (Feb 2021)*
- *Bloods (Feb 2021)*
- *Integrated Imaging – Knee (Feb 2021)*
- *Bloods (Feb 2021)*
- *Spinal Masqueraders (March 2021)*
- *Spinal Masqueraders (March 2021)*
- *Bloods (March 2021)*
- *Bloods (March 2021)*
- *Pain (March 2021)*
- *Integrated Imaging – Lumbar (April 2021)*
- *Bloods (April 2021)*

- *Integrated Imaging – Knee (April 2021)*
- *Integrated Imaging – Shoulder (April 2021)*
- *Spinal Masqueraders (May 2021)*
- *Spring study morning (May 2021)*
- *Bloods (May 2021)*
- *Optimising Function of the shoulder girdle (May 2020)*
- *Research Webinar (June 2021)*
- *Spinal Masqueraders Expanded (June 2021)*
- *Bloods (June 2021)*

The PDC are always open to members submitting courses that they would like to run under the MACP umbrella. The content will be reviewed to see if the content is suitable for the members for their continuing education.
