

MACP AGM 2022

14th November 2023, 7pm-8.30pm

Report:	Professional Network and Equality and Diversity
Committee Member:	James Rodger
Date of report:	17/10/2022

The Professional Network and Equality and Diversity role within the MACP aims to promote and collaborate with key organisations, MSK networks and stakeholders. To enable this the MACP encourages inclusivity as an organisation ensuring that we welcome a wide and diverse spectrum of clinicians who have an interest in MSK Physiotherapy.

There has been ongoing engagement with the CSP on areas including MSK Core Standards, Equality, Diversify and Belonging and professional engagement. There has been continued links with ARMA focusing on areas including engagement on national MSK developments and patients lived experience. The MACP is committed to developing links and collaborations with other groups and organisations to develop a wider MSK network.

Aims for 2022/23

- To develop CIGs and Communities of Practice to encourage closer and enhanced working between organisations.
- To continue to work with CIG already aligned with the MACP to enhance members clinical experience and development.
- To continue to engage with organisations, groups and individuals to promote MSK Physiotherapy
- As an organisation promote equality, diversity and inclusion in all aspects of the MACP's activity and to engage with relevant organisation to develop this further.
