Brief biography, including any relevant experiences relevant to the role that you are interested in:

Role: Professional Engagement Officer

I am an advanced practice and clinical lead musculoskeletal physiotherapist working full time at University Hospital Southampton and have been an MACP member since 2014. I share a passion with the MACP about raising the standards in MSK, and have been able to contribute to this locally in my clinical lead role, regionally as a university clinical educator, and nationally as an MACP mentor.

I think there's never been a more exciting time for the MACP regarding opportunity to raise its profile in establishing itself as the leading professional group in MSK Health in relation to the advanced clinical practice framework and the expansion of the affiliate membership category.

As Professional Engagement Officer, I will bring experience in supporting colleagues to help support our fantastic regional reps to continue to raise the profile of the MACP and continue to support members within their region.
