Brief biography, including any relevant experiences relevant to the role that you are interested in: Secretary

I am currently working as an advanced practice Physiotherapist at Central London Community Healthcare NHS Trust and have been a full MACP member since 2017. I am keen to uphold the aims of the MACP to provide an excellent standard of patient care for musculoskeletal pain / pathology. I hope to promote this aim by taking my first MACP student next year. I look forward to the challenge and actively working to lead and advance clinical standards.

I am really keen to play an active part in the MACP and see the role of secretary as suited to my skills in organisation and team work. I have always been an active member of a team and enjoy supporting others to achieve their best. I enjoy working and communicating with people and I hope that I have developed over my career effective communication skills which can encourage everyone to work towards a common goal.

As secretary I hope to be able to direct relevant queries and questions to the right people, provide effective lines of communication and support our excellent admin team, chair and treasurer.
