

Form for nominations to the Executive Committee 2022/2023

Name: Matthew Low

Address:

Tel no:

E-mail:

MACP membership number: 11811

Brief biography, including any relevant experiences relevant to the role that you are interested in:

I am an MSK Consultant Physiotherapist working at University Hospital Dorset NHS Foundation Trust and feel passionately that the MACP has been a significant and continuing driving force in the MSK agenda at the National level.

I was previously the secretary and then PDC co-chair of the MACP 10 years ago and have experience working with the executive committee to achieve its aims. I feel that MACP has developed a clear strategy including a broadening of the membership with a sharp focus on maintaining and improving MSK knowledge and capability for its members and the wider MSK community. I would like to support the MACP executive committee to continue the significant amount of progress that has been achieved so far.

I have an interest in knowledge translation and have written how I believe that developing communities of practice where knowledge is transformed, evolved and co-produced. I have written a blog about this here (<https://www.macpweb.org/Knowledge-Translation>). I have started a PhD at Nottingham University which will support the work around knowledge translation.

I hope to continue the work around knowledge transformation that supports the MACP strategic objectives.

Name of proposer
Neil Langridge

Name of seconder
Helen Welch
